2010272408	Device for unstacking flat objects that detects the path of unstacked objects	Solystic
2011100569	Device for unstacking flat objects that detects the path of unstacked objects	Solystic
2009332837	Machine and method for sorting largesized postal items and letters	Solystic
2009332838	Postal sorting machine with carriage for handling postal items	Solystic

Number	Title	Owner
2009332839	Postal sorting machine including a manual feeding station	Solystic
2010297113	Mail-sorting machine with a device for recirculating items including a cleated belt	Solystic
2011234331	Device for separating flat objects, and corresponding control method and postal machine	Solystic
2011228921	Method for sorting postal items with the aid of shuttle bins having a variable storage capacity	Solystic
2011231435	Device for feeding flat objects and postal sorting machine	Solystic
2011231436	Device for the stacking of planar objects along an edge, and mail-sorting machine provided with least one such device	Solystic

Terms and Conditions

General

The information provided in this report is not in the nature of legal or other professional advice.

The information provided in this report is derived from third parties and may contain errors. You must make your own enquiries and seek independent advice from the relevant industry professionals regarding any information in this report.

Patents, patent applications, trademarks and trademark applications shown as lapsed or ceased may be restored at a later date.

Disclaimer of warranty and limitation of liability

Neither IPMonitor, its affiliates nor any of their respective employees, agents, third party content providers or licensors warrant that the information contained in this report is error free; nor do they make any warranty as to the accuracy, reliability or content of any information in this report.

This report is provided on an "as is" basis; to the maximum extent permitted by law, IPMonitor disclaims all representations and warranties, express or implied, with respect to any information contained in this report. In addition, IPMonitor does not represent or warrant that the information contained in this report is accurate, complete or current.

This disclaimer of liability applies to any damages or injury caused by any failure of performance, error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, theft or destruction or unauthorized access to, alteration of, or use of record, whether for breach of contract, tortious behavior, negligence, or under any other cause of action.

Copyright

The content of this report may be protected by copyright laws and treaties around the world and all rights relating to the same are reserved. Any paper or digital copies of this report are not to be modified or any illustrations or any graphics used separately from any accompanying text.

Arbitration

Any dispute or difference whatsoever arising out of or in connection with this report shall be submitted to arbitration in accordance with, and subject to, The Institute of Arbitrators & Mediators Australia Rules for the Conduct of Commercial Arbitrations.

IPMonitor reserves the right to update the Terms and Conditions at any time without notice. Please see the full Terms and Conditions at www.IPMonitor.com.au/trademarks/info/terms
